

Bone Physiology Diagram Quiz

Label the following diagrams with the words provided. Each word will only be used on time. (1 point each)

Compact Bone

1. Central (Haversian) Canal
2. Circumferential Lamellae
3. Concentric Lamellae
4. Osteocyte in Lacuna
5. Osteon (Haversian) System
6. Interstitial Lamellae
7. Perforating (Volkmann's) Canal
8. Periosteum

Long Bone Anatomy

- 9. Articular Cartilage
- 10. Cancellous Bone
- 11. Compact Bone
- 12. Diaphysis
- 13. Endosteum
- 14. Epiphyseal Line
- 15. Epiphysis
- 16. Medullary Cavity
- 17. Periosteum
